	Thong Flip Can be played indoors or outdoors with plenty of room. Set up a target (another thong, toy, book, paper etc). Flip the thong with your foot and try and get as close to the target as possible. Each person takes turns and the person whose thong lands the furthest away from the target is out. Move the target further away each round to make it more challenging, until only two players are left. The person who flips closest to the target wins.  https://www.cms.org.au/resources/kids-activity-sheets-2/

	Lower primary (K-2): Cambodia is a beautiful country, but many people there are going through hard times. People are hurt by unfair rules, and don't have enough food, clean water, safe places to live, hospitals, or schools. Some children don't have families to care for them, and many people are very poor or sick. Most people in Cambodia don't know about God's love yet. We can pray that God's love will reach every person in Cambodia, and that people who know and love Jesus in Cambodia will be able to make a difference with the unfair laws, with people's health, and with schools.	
	Upper primary (3-6): Cambodia is a beautiful country with a rich history, but many people suffer in spiritual darkness and don't know about Jesus. There is poverty, and corrupt and unfair treatment from bad choices made by people in power. Many children and young people in Cambodia don't have the protection or care they need. There are also problems like drug use and unfair jobs that hurt people. Some powerful groups take land and resources, while others are silenced when they speak up for what's right. Let's pray that the light of God's love will shine and that He would bring the people of Cambodia to know and love Him. Let's pray for the people of Cambodia to know Jesus and experience His love. We can also pray for Christians to bring change in Cambodia—by helping those in need, caring for orphans, helping the sick, and standing up for justice.

	Operation world Cambodia prayer slides https://operationworld.org/prayer-resources/country-powerpoint-files/	

	Spiritual darkness persists in Cambodia, from the many spirit shrines, the powerful grip of Buddhism that opposes Truth, and the widespread loss of morals. Only prayer will lift it. The enemy of souls makes people suffer under terrible abuses and oppressive poverty. The drug and sex trades hold power over many people. Criminals exploit the high number of unprotected children and young people. The wealthy and those connected to the ruling party grab land and plunder the nation's resources while restricting freedoms and harassing opposition. Pray for the light of the gospel to shine on individual lives and all social and political structures in Cambodia. Christians can make a difference in the areas of justice, rehabilitation, orphanages, healthcare, and development. Cambodia also needs to see progress in the areas of agriculture, fisheries, water management, and education.
